EZ COM ANNOUNCES NEW VENTURE

West Palm Beach, Florida – October 1st, 2004 – EZ COM Technologies, Inc. a leading provider of billing and OSS software for telecommunications companies, today announced its entry as a “SOLUTIONS INTEGRATOR”. This broader view of the business landscape will allow EZ COM to complete its vision and plans of becoming a total business solutions integrator.

The first product offerings are a complete Point of Sale solution for retail business and a complete security package for retail stores.

“EZ COM continues to sell, service and support its telecommunications product line and this new venture allows us to offer addition services to our current customers and provide a total package for new customers”, said Bill Folchetti, president and CEO of EZ COM.

Mr. Folchetti farther stated, “ This will make EZ COM stronger and insure our ability to continue providing quality services at reasonably prices”.

About EZ COM

EZ COM is a total Solutions Integrator of Point of Sale solutions, Billing and OSS software solutions, and Security solutions for telecommunications and retail business.
