EZ COM AND US TELECOM ANNOUNCE PARTNERSHIP

West Palm Beach, Florida (September 10th 2004) – EZ COM Technologies, Inc. a leading provider of Billing and OSS Software for telecommunications companies, announces that Miami based service provider US Telecom, Inc. has selected EZ COM to provide marketing and technical support for US Telecom's in-house billing and switch software solution.

“US Telecom selected EZ COM because of its expertise and understanding of today's telecommunications requirements.” Stated Luis Coello, President and CEO of US Telecom. The deal gives EZ COM the exclusive right to modify, support, and market the software solution worldwide.

“We are happy to have the opportunity to add another option to our product line,” said Bill Folchetti, President and CEO of EZ COM Technologies, “If the customer wants to install the software on its in-house server then we can now provide that option”.

About US Telecom

US Telecom, Inc. is a high quality integrated long distance and local telecommunications service provider geared for servicing the South Florida market. US Telecom, a privately held Florida Corporation, was founded in 1995 in Miami, Florida. The company's main activities are local service, long distance including 1010-XXX service and dial-up internet services.
